Project-004 : Team Members Page (HC-004)

Description

Project aims to create your development team web page.

Problem Statement

- Your company is updating its website. They ask you to make your development team page.

Project Skeleton

```
004-team-members-page(folder)
|
|----readme.md          # Given to the students (Definition of the project)
|----/images # Contains development team members photos
|----solution
        |----index.html
        |----style.css
```

Expected Outcome

Objective

Build a responsive web page similar to Project 004 Snapshot

At the end of the project, following topics are to be covered;

- HTML

- CSS

At the end of the project, students will be able to;

- improve coding skills within HTML & CSS & JS

- use git commands (push, pull, commit, add etc.) and Github as Version Control System.

Steps to Solution

- Step 1: Download or clone project repo on Github

- Step 2: Create project folder for local public repo on your pc

- Step 3: Team Members Web Page

> Part-1 HTML Structure

```
- Creat structure of the HTML5
- Give name of your project (title)
- Create the main structur of the HTML
```

> Part-2 CSS Structure

```
- You can apply all the technologies you learn. (Flexbox, Grid)
- Set a background and define font color
- Set container background color and margin
- Define others color-size-padding etc...
```
